Sub: Stakeholder's workshop "Alternate Agricultural Production Pathways in Changing Climates" at PAU Ludhiana

Respected Sir

The Dept of Climate Change and Agricultural Meteorology, PAU and Indian Agricultural Research Institute, New Delhi are jointly organizing a stakeholder's workshop on "**Alternate Agricultural Production Pathways in Changing Climates**"

Date: 4 September, 2019

Time: 9.30 am

Venue: Farmers Service Centre, PAU, Ludhiana

A one day stakeholder's workshop is being organized under the Impact Vulnerability Adaptation project on Agriculture for India's 3rd National Communication to United Nations Framework Convention on Climate Change (UNFCCC) of the Ministry of Environment, Forests and Climate Change, Govt of India, operational at ICAR-Indian Agricultural Research Institute, New Delhi.

The main objectives of the workshop include :

1. Delineate the current status of agricultural production systems in the region
2. Discuss to develop the alternate production systems in the current and future climates
3. Discuss opportunities and constraints for achieving alternate production systems

Based on your immense experience in agricultural systems of Punjab and Haryana, you are invited to participate in the workshop to exchange the views. Top level officials of agriculture, horticulture and animal husbandry, post-harvest technology, irrigation and soil water conservation departments from Punjab and Haryana, SAU's, ICAR Institutions, NABARD, NGOs, etc are expected to attend this workshop. We further request you to kindly nominate 4-5 top officials from your department. Travel grants will be paid to the participants directly as per the Government Rules (Train/bus fare: must be booked from official sites). Accommodation, if required, will be provided at PAU guest house.

With best regards,

Navtej Singh Bains
(N S Bains)
